

Light

- Test of lighting characteristics, physical parameters and durability of lighting products, lamps and flashlights.
- Tests according to relevant standards or internal quality specifications.
- Examples of standards:
 - EU-Directive No. 244/2009 (non-directional household lamps)
 - EU-Directive No. 1194/2015 (directional lamps, LEDs)
 - ANSI/NEMA FL 1-2009 (flashlights)
